SAVATIARY.

To the citizens of the county and the surrounding country, The Times makes its most polite bow, with the fond and expressed hope, that it will be given a hearty welcome and admission into each and every household. Not only do we ask, but naturally expect, a liberal amount of patronage from each citizen of the county, but those of the surrounding country, who have the development of our grand and noble section at heart.

It will be our earnest endeavor to conduct a paper for the whole people, devoted to the upbuilding of our section and advocating our advantages continually, until we shall have taken our position among the foremost of the progressive industrial sections of the South.

To this end, that the world may see and know us, and that they may be told of our sparkling streams, crystal water glistening in your eyes over rocks and pebbles, pure sweets of your mouth, and pleasant musk of your nostrils, as you go about the world. And when the gentle and soothing breezes in summer and winter, with the bright southern sun in winter, we have a climate surpassed. With water clear and delicious, mountain scenery grand and gorgeous, and an atmosphere free from malaria or other climatic disease, our section is destined to become a much sought after region.

Hawassee itself is a most picturesque little town, situated nearly in the center of the great mineral deposits whose walls are mountains, some of which rise to over 10,000 feet high. The town is well shaded and is a most beautiful site. The surrounding country has a great deal of most excellent agricultural land, some under cultivation and some in woods. For stock raising it has no superior.

Now is the time to buy. At once! Don't waste your time. We have everything in the real life from a house and lot to fifty thousand dollar nickels and manganese mine.

Here are a few of the bargains listed with us. Read them. Titles to all property absolutely good.

A new twelve room house in the town of Hawassee with an acre and a half lot, fine young orchard, and of choice fruits, good outbuildings, stables, etc., a splendid location for a hotel. Terms very reasonable and made on the best application.

A farm of 160 acres $44 of mile from Hawassee, small buildings, stables, etc., good orchard, trees now in bearing, 4 acres in cultivation, balance original forest. Will make a bargain.

A lot of valuable timbers for sale in different parts of the county.
