Young Harris to Have Roller Mill

Mr. Otis Townsend began last week the construction of a new roller mill building at the site where his old mill stood. He has been planning for this old mill building completely, and now has underway a much longer, a stronger building, and plans by the first of the year to have a fully equipped, all-up-to-date mill. We are informed by him that he purchased the property which was formerly constructed in Young Harris in the old Walker building. This mill will not yet be put into operation and stand as good as new when we learn Mr. Townsend and know that he is an expert millman and we feel safe in saying that our people will get up to date service at his mill.

Cheese Factory Should Be in Operation

We are sure our people would like to see the affiliation of our cheese factory with this plant again. It has been idle for the past two or three years, and has been greatly missed. This is a wonderful industry and many years, and many industries have been forced idle, and we hope with the renewal of this one many of our people will resume operations.

Our people are affected less than any people in the world. We have the checkmate and difference we have, but we know there is no such thing as a good warm fire this winter, especially the coal for thin. We are more hopeful about the whole situation. There will be a general up building of everything is moving along nicely.

Agriculture Show Given at Y. H. C.

The state college of agriculture in cooperation with the federal government, has a huge moving picture show in Young Harris this week. Mr. Henderson, Mr. Britt, Mr. Wood and Miss Stella Edwards are working in this work. On last Saturday Mr. Bob Steves and Mrs. Boring, were with these men at their meeting of McCormick church, and on Monday night they held the show at Boll Creek, and on Wednesday night it was cut in Braggton school. In addition, the state college names Mr. T. O. Coleman of Young Harris, and Mr. R. B. Parke of Mainesville, were with this party.

Beginning about 6 o'clock on Wednesday night, the pictures were put on in the college chapel, and was attended by the student body and a large number of the citizens, being at such a late hour was not so crowded as it was at the regular hour. The pictures were very well put up and we wish the students and the citizens of Mainesville good luck in their future work.

More Road Work Begun

Blairsville, Ga. — A 900-foot concrete section of the Blue Ridge Mountain road, running north in the direction of Blairsville, has been completed. The construction of a concrete road across Blue Ridge highways will probably be one of the natural attractions to travel in this part of the state.

W. W. Mundy For President

With the good people of the state, and the good people of the district, he has twice set off from the town of Blairsville, but on the road he is here.

C. A. D. McWhig, the former friend of Senator Watson, said, this morning, Mrs. Watson, the wife of Senator Watson, was in a very critical condition of life, and the death of her husband was a great shock to all.

CANNOT HOARD TIME

In a certain that you can control, save money on your personal expenses. You can put the money away for your latter use and not pay your personal expenses. Money saved by the average laborer is more than the average person can save. But time is more time money. It is the thing to spend, save, and invest your personal expenses, and save. True time is a very precious thing. You cannot spend, save and invest your time. True time is not a thing to spend, save and invest. Time spent in recreation is wasted, unless you spend more than you save. But time is money, and you can save more than you spend.

If you can get a better price for your goods, what is the use of not taking it? You have not paid for your goods. But time is not money. It is the thing to spend, save and invest. But time is not money. It is the thing to spend, save and invest. But time is not money. It is the thing to spend, save and invest.

The services of the late Mr. W. H. McCullough, who was killed in the war, will be held in Young Harris on Tuesday, April 30th.

Roy Nichols Dies After Short illness

Mr. Roy Nichols, of this city, died Monday, at his home at 2:30 o'clock. He was well known and respected by all who knew him. He was a very fine man and was greatly loved by all who knew him.

Republican Executive Committee to Meet

To the Members of the Republican Executive Committee of the Ninth Congressional District of Georgia:

A meeting of the Republican Executive Committee of the Ninth Congressional District of Georgia is hereby called to meet at the town of Young Harris, Ga., on Tuesday, November 30th, 1920, for the purpose of nominating candidates for the Congress in the Ninth Congressional District of Georgia.

The meeting will be held at the Cooper Hotel, Young Harris, Ga., and all members of the committee are requested to attend the meeting.

T. A. Chastain, Chairman.
